

This bill is a good first step in reforming and strengthening research at the Department of Transportation. The chief responsibility of the new Administration created by this bill, the Research and Innovative Technology Administration, is to coordinate research across the Department. This is to ensure that we are getting the maximum out of our research dollars by funding research that contributes directly towards the goals of the transportation system and is not unnecessarily duplicative of other research efforts. But we have much to do to improve research at the Department, and I look forward to completing the job early next year as we pass the larger reauthorization bill.

Mr. Speaker, I want to thank Chairman YOUNG and his staff for working with me and my staff to incorporate our views into this legislation. I urge my colleagues to support the Norman Y. Mineta Research and Special Programs Improvement Act.

Mr. COSTELLO. Mr. Speaker, we have no further speakers, and I yield back the balance of my time.

Mr. LATOURETTE. Mr. Speaker, I urge passage of the bill, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Ohio (Mr. LATOURETTE) that the House suspend the rules and pass the bill, H.R. 5163, as amended.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

“SEC. 2. FINDINGS AND DECLARATIONS.

“(a) FINDINGS.—Congress finds that—

“(1) there continue to be areas of the United States experiencing chronic high unemployment, underemployment, outmigration, and low per capita incomes, as well as areas facing sudden and severe economic dislocations because of structural economic changes, changing trade patterns, certain Federal actions (including environmental requirements that result in the removal of economic activities from a locality), and natural disasters;

“(2) economic growth in the States, cities, and rural areas of the United States is produced by expanding economic opportunities, expanding free enterprise through trade, developing and strengthening public infrastructure, and creating a climate for job creation and business development;

“(3) the goal of Federal economic development programs is to raise the standard of living for all citizens and increase the wealth and overall rate of growth of the economy by encouraging communities to develop a more competitive and diversified economic base by—

“(A) creating an environment that promotes economic activity by improving and expanding public infrastructure;

“(B) promoting job creation through increased innovation, productivity, and entrepreneurship; and

“(C) empowering local and regional communities experiencing chronic high unemployment and low per capita income to develop private sector business and attract increased private sector capital investment;

“(4) while economic development is an inherently local process, the Federal Government should work in partnership with public and private State, regional, tribal, and local organizations to maximize the impact of existing resources and enable regions, communities, and citizens to participate more fully in the American dream and national prosperity;

“(5) in order to avoid duplication of effort and achieve meaningful, long-lasting results, Federal, State, tribal, and local economic development activities should have a clear focus, improved coordination, a comprehensive approach, and simplified and consistent requirements; and

“(6) Federal economic development efforts will be more effective if the efforts are coordinated with, and build upon, the trade, workforce investment, transportation, and technology programs of the United States.

“(b) DECLARATIONS.—In order to promote a strong and growing economy throughout the United States, Congress declares that—

“(1) assistance under this Act should be made available to both rural- and urban-distressed communities;

“(2) local communities should work in partnership with neighboring communities, the States, Indian tribes, and the Federal Government to increase the capacity of the local communities to develop and implement comprehensive economic development strategies to alleviate economic distress and enhance competitiveness in the global economy;

“(3) whether suffering from long-term distress or a sudden dislocation, distressed communities should be encouraged to support entrepreneurship to take advantage of the development opportunities afforded by technological innovation and expanding newly opened global markets; and

“(4) assistance under this Act should be made available to promote the productive reuse of abandoned industrial facilities and the redevelopment of brownfields.”.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Ohio (Mr. LATOURETTE) and the gentleman from Illinois (Mr. COSTELLO) each will control 20 minutes.

The Chair recognizes the gentleman from Ohio (Mr. LATOURETTE).

Mr. LATOURETTE. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, S. 1134, the Economic Development Reauthorization Act of 2004, which was passed by the Senate last night, reflects the bipartisan, bicameral work of the Committee on Transportation and Infrastructure and the Environment and Public Works Committee of the Senate. This bill is virtually identical to H.R. 2535 which passed the House by a voice vote on October 21 of last year.

The changes that were made to the bill in the Senate, I believe, are very straightforward, and while we may not agree with all of them, we agreed to in the spirit of compromise.

This legislation will provide the important resources in these economically distressed areas to support the revitalization of communities through public works projects, creation of business incubators, support for business clusters, as well as a number of other important programs.

I encourage our colleagues to support this legislation.

Mr. Speaker, I reserve the balance of my time.

Mr. COSTELLO. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in strong support of S. 1134, a bill to reauthorize the programs authorized by the Public Works and Economic Development Act of 1965. This is a consensus bill worked out with Members of the other body on both sides of the aisle. It reauthorizes the time-tested, successful programs of the Economic Development Administration.

I know EDA works because I have seen it work; providing jobs, job training, infrastructure investment, and creating real economic opportunities in distressed communities in my district and across the country.

Since the 1998 EDA Reauthorization Act, EDA has been able to further document its truly impressive performance. According to a series of Rutgers University studies, EDA capital projects are on time and under budget. These projects produce private-sector employment in 96 to 98 percent of the cases. Moreover, EDA capital projects create jobs at a cost of approximately \$3,000 to \$8,000 per job, and EDA's revolving loan projects create jobs at a lower rate. For every \$1 million spent by EDA and public works funding, 325 direct permanent jobs are created, \$10 million is leveraged in private sector investment, and the local tax base is increased by \$10 million.

EDA's job creation and leveraging of private sector investment is critical for our struggling economy. Under this administration, our economy has lost 1.6 million private sector jobs in the last 4 years. EDA, the only Federal agency specifically tasked with the mission of supporting economic development in distressed and rural areas,

must continue to identify opportunities for future economic growth, using its expertise and proven excellence.

The bill authorizes EDA programs for 5 years and provides the agency with the funding levels necessary to effect real growth and development in economically distressed communities. The bill builds upon the 1998 act and establishes several new innovative programs. For example, the bill authorizes EDA to provide performance incentive awards to high performing grantees. Grantees can use these performance grants in any manner consistent with the act.

In addition, the bill authorizes a Brightfields Demonstration program to establish solar energy projects on redeveloped brownfields sites.

Finally, the bill continues EDA's focus on planning and its vital importance to economic development. In many States, small and underserved communities are often unable to invest the necessary resources to maintain the professional and technical capacity needed to develop and implement effective, comprehensive economic development strategies. Economic Development Districts, which are multicounty public economic development planning entities, serve as a cost-effective and efficient method to ensure that local communities have the resources needed to pursue new economic development opportunities.

This legislation provides that a minimum of \$27 million be available each year for planning purposes. In addition, the legislation assumes that EDA will continue to protect and preserve the role of EDDs in the planning program as currently practiced and administered by EDA. Planning is critical to continuing to provide important support to economically distressed rural and urban communities that are often unable to afford and maintain the professional and technical capacity necessary to implement comprehensive economic development strategies. It is essential that this program continue to function consistent with current policies and practices.

This bill was worked out, as I mentioned, with the other body in a bipartisan way. I extend my thanks to the chairman of the full committee, the gentleman from Alaska (Mr. YOUNG), the gentleman from Minnesota (Ranking Member OBERSTAR), to the chairman of the subcommittee, my friend, the gentleman from Ohio (Mr. LATOURETTE) for his hard work on this bill as well, and the Ranking Member of the subcommittee, the gentlewoman from the District of Columbia (Ms. NORTON).

Mr. Speaker, I strongly support this legislation and ask my colleagues to support it.

Mr. Speaker, I reserve the balance of my time.

Mr. LATOURETTE. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I want to thank my friend, the gentleman from Illinois

(Mr. COSTELLO), who was the ranking member in our subcommittee in the last Congress and is a great bipartisan partner. I want to congratulate the gentlewoman from the District of Columbia (Ms. NORTON) for working with us on this bill. I want to thank not only our staff on the Republican side, but also the staff on the Democratic side for making this be a truly bipartisan, good piece of legislation. I want to thank Dr. Sampson who is the Assistant Secretary for shepherding this bill through both chambers and achieving a successful result. Lastly, I want to thank Danielle from the Majority Leader's office for making sure we could speak tonight and get this good piece of legislation taken care of.

Mr. Speaker, I reserve the balance of my time.

Mr. COSTELLO. Mr. Speaker, we have no further speakers, and I yield back the balance of my time.

Mr. LATOURETTE. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Ohio (Mr. LATOURETTE) that the House suspend the rules and pass the Senate bill, S. 1134.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds of those present have voted in the affirmative.

Mr. LATOURETTE. Mr. Speaker, on that, I demand the yeas and nays.

The yeas and nays were ordered. The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.

GENERAL LEAVE

Mr. LATOURETTE. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days within which to revise and extend their remarks and include extraneous material on H.R. 4470, H.R. 4794, H.R. 5163, and S. 1134.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Ohio?

There was no objection.

AMENDING THE LEASE LOT CONVEYANCE ACT OF 2002 TO PROVIDE THAT AMOUNTS RECEIVED BY THE UNITED STATES UNDER THAT ACT SHALL BE DEPOSITED IN THE RECLAMATION FUND

Mr. POMBO. Mr. Speaker, I move to suspend the rules and pass the Senate bill (S. 1791) to amend the Lease Lot Conveyance Act of 2002 to provide that the amounts received by the United States under that Act shall be deposited in the reclamation fund, and for other purposes.

The Clerk read as follows:

S. 1791

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. LEASE LOT CONVEYANCE.

Section 4(b) of the Lease Lot Conveyance Act of 2002 (116 Stat. 2879) is amended—

(1) by striking "As consideration" and inserting the following:

"(1) IN GENERAL.—As consideration"; and

(2) by adding at the end the following:

"(2) USE.—Amounts received under paragraph (1) shall be—

"(A) deposited by the Secretary, on behalf of the Rio Grande Project, in the reclamation fund established under the first section of the Act of June 17, 1902 (43 U.S.C. 391); and

"(B) made immediately available to the Irrigation Districts, to be credited in accordance with section 4(I) of the Act of December 5, 1924 (43 U.S.C. 501)."

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from California (Mr. POMBO) and the gentleman from Texas (Mr. RODRIGUEZ) each will control 20 minutes.

The Chair recognizes the gentleman from California (Mr. POMBO).

Mr. POMBO. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, S. 1791, authored by our Senate colleague PETE DOMENICI of New Mexico, amends the Lease Lot Conveyance Act of 2002 to provide that the amounts received by the United States under the act shall be deposited by the Secretary of the Interior in the reclamation fund for the benefit of the Elephant Butte Irrigation District and El Paso County Water Improvement District.

I urge adoption of the bill.

Mr. Speaker, I reserve the balance of my time.

Mr. RODRIGUEZ. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, we have no objection to the consideration of this measure.

Mr. Speaker, I reserve the balance of my time.

Mr. POMBO. Mr. Speaker, I yield 2 minutes to the gentleman from New Mexico (Mr. PEARCE).

Mr. PEARCE. Mr. Speaker, I am pleased to rise in support of S. 1791, a bill to amend the Lease Lot Conveyance Act of 2002.

The Lease Lot Conveyance Act of 2002 directed the Secretary of the Interior to convey property to 403 cabin sites to the Elephant Butte/Caballo Leaseholders Association at fair market value. The necessary appraisals are almost done, and this land will be conveyed to the association in accordance to the 2002 act.

The need for the amendment has arisen because the 2002 act was unclear and did not state specifically what the Bureau of Reclamation should do with the receipts.

□ 0115

The original agreement was for the money to be derived from the sale of this property to be deposited into the Reclamation Fund for immediate use by the applicable irrigation districts to help with their annual operations and maintenance costs. Because of a drafting oversight, the Bureau of Reclamation cannot fulfill the responsibilities of the original agreement of the 2002
