

# Gorge TransLink Mobility Management

Coordinating Transit Needs and Services  
in the Columbia River Gorge

Scott Turnoy  
Project/Mobility Manager  
August 25, 2011

# Gorge TransLink Alliance

## Regional Partnership

- County Transportation Providers
- Regional Transportation Council (SW Washington RTC)
- Medical and Senior Services Transportation Providers
- State DOTs (ODOT & WSDOT)
- Public Transit, Paratransit, and Dial-A-Ride

## Mobility Management

1. Create and facilitate connections on each side of the Columbia River
2. Enhance mobility for access to job sites, shopping centers, medical facilities, education and training centers

# Mobility Management

- Coordinate technology, schedule, and fare systems
- Regional identity and marketing
  - Gatekeeper Network Forum
- Promote Ridesharing
  - Vanpool Feasibility Study
- Pursue Columbia River Crossing alternatives
- Human Services Coordinated Transportation Plan updates

# Funding Sources

---

## Gorge TransLink:

- Federal via State agencies:
  - WSDOT Public Transportation Consolidated Grant
  - ODOT Public Transit Division – New Freedom Grant
- State: ODOT Transportation Options Sponsorship
- Other Available Resources:
  - National Center on Senior Transportation
  - Easter Seals
  - Bus & Bus Facility Grant (Federal)
  - Veteran Transport & Community Living Grant (Federal)
