

# Bi-State Clean Air Partnership Next Level= Active Participation

- Summit 2009- Forum for learning & platform for action
- Take Active Steps
- Measure success
- Get the word out

...using the Bi-State Clean Air Partnership pledge...

“Let’s Make Better Air Quality The Finish Line”

*It all adds up to cleaner air*

## Looking to Model Success-

# Sampling of Clean Air Efforts

- St. Louis Regional Clean Air Partnership
- Clean Air Partnership – Toronto, Canada
- Clean Air Partnership of Middle TN
- Central Indiana Clean Air Partnership
- Alamo Clean Air Partnership
- Partners for Clean Air – Chicago, Illinois
- Not-for-Profits – various funding sources, including membership
- Part of Organizations – e.g. councils of government with various funding sources, including CMAQ funds
- Most public-private partnerships, emphasizing voluntary emission reduction activities
- Tools – websites, checklists, incentive programs and public outreach

## **Bi-State Region Clean Air Partnership**

- **6 Cities & 4 Counties**
- **1 Corporation and 1 Pending**
- **1 MPO/RPC**
- **1 Engineering Firm**
- **1 Body Shop**
- **2 Churches**
- **1 Housing Authority**
- **2 Non-Profit**
- **1 Citizen**
- **Supports and promotes cleaner air.**
- **Seeks out and implements cost effective solutions.**
- **Promotes fuel efficiency, cleaner fuels/vehicles, alternative transportation, trip reduction, environmentally friendly purchasing, alternative energy, and energy efficiency and conservation.**
- **Emphasizes each voluntary commitment to reduce ground level ozone and particulate matter regionally and contributes to cleaner air globally.**

# Becoming a Partner

- Fill out checklist.
- Identify current efforts.
- Pledge to add-on.
- Encourage peers to join.
- Become part of the solution.

Did you know...

**By replacing 20 incandescent light bulbs with compact fluorescent lights, you can save \$935 in utility bills and keep 13,860 lbs of CO<sub>2</sub> from entering the atmosphere over 3 years!**

**Energy generation and consumption make-up 98% of all CO<sub>2</sub> emissions. Replace old office equipment with Energy Star rated products, evaluate buildings for energy efficiency and advocate energy conservation practices. Information can be found at:**

**[http://www.energystar.gov/index.cfm?c=government.bus\\_government\\_local](http://www.energystar.gov/index.cfm?c=government.bus_government_local)**

# Challenge Your Organization

Sampling of Activities:

- **“Make Clean Air Visible”** – 5-Year Strategic Plan modeled from USEPA CARE Program & GIS-Spatial Analysis of Sources
- **QC in Motion – Alternative Transportation Week & Partnerships**
- **Clean Air Every Day** – Pending Grant from ALCOA Foundation – emphasis on Making an Impact
- **Events** - Deere & Co. Earth Day, Earth Week Fair, Healthy Families Day, Transit Trainings

Tomorrow, leave home without it.

*It all adds up to cleaner air*
