2013 survey of U.S. architectural registration boards by NCARB indicates that there are currently 105,847 registered architects in the United States. This represents a 0.24 percent increase in licensed architects from last year's survey. Data were collected in fall 2013 from the jurisdictions and reflects July 2012 through June 2013

TRUDAT - A Plan for East Nashville

JULY 16-19, 1999

## The Design Assistance Program

- Began in 1967 – inspired by civil rights movement. First community was a post-flood recovery for a downtown. Over 200 communities in US & Canada since. Modeled across communities in UK & Europe.

We cannot stop natural disasters but we can arm ourselves with knowledge: so many lives wouldn't have to be lost if there was enough disaster preparedness.

# Mission of the Nashville Civic Design Center

---

Founded in 2000, the Nashville Civic Design Center (NCDC) is a nonprofit organization whose mission is to elevate the quality of Nashville's built environment and to promote public participation in the creation of a more beautiful and functional city for all.

## Our Ten County Region

The Middle Tennessee Region is  
Home to Over 1.7 Million Residents

Middle Tennessee is one of the most diverse and beautiful parts of Tennessee. This diversity and beauty are two of our most important regional assets, whether we consider them from an economic, cultural, environmental or livability perspective. The Cumberland Region comprises 3.4 million acres across ten counties, with nearly 1.7 million people calling it home. Located in the center of Middle Tennessee, the region consists of:
