

SOUTHEAST CRESCENT REGIONAL COMMISSION SUPPORT FUNDING IN THE FY2017 APPROPRIATIONS PROCESS

ACTION NEEDED: Urge your members of Congress, especially those serving on the House and Senate Appropriations Committees, to support funding for the Southeast Crescent Regional Commission's community and economic development programs as part of a final fiscal year (FY) 2017 Energy and Water Development Appropriations measure. The commission's resources are used for transportation and basic infrastructure, job skills training and entrepreneurial development, comprehensive strategy development, advanced technologies and telecommunications, and sustainable energy solutions within the most severely distressed portions of the Southeastern United States.

BACKGROUND: The Southeast Crescent Regional Commission was first authorized in the 2008 Farm Bill (P.L. 110-627) to help address the community and economic development within the seven-state region of Alabama, Florida, Georgia, Mississippi, North Carolina, South Carolina, and Virginia. This federal-state regional commission, which is modeled after the Appalachian Regional Commission, targets new resources to promote wealth generation and economic growth strategies in the region.

LATEST ACTION: Federal programs are currently operating at fiscal year FY2016 levels under a Continuing Resolution that expires April 28. It is anticipated that Congress will approve a FY2017 omnibus appropriations bill after the incoming administration takes office, providing specific funding levels for agencies through October 1, 2017.

The House was unable to advance its FY2017 Energy and Water spending bill on May 26 when a vote on passage failed. The bill includes \$250,000 for the Southeast Crescent Regional Commission. The Senate approved its FY2017 Energy and Water spending bill on May 12. The bill provides no funding for the Southeast Crescent Regional Commission.

On February 9, 2016, the President released his FY2017 budget proposal, which includes \$250,000 for the Southeast Crescent Regional Commission.

AREA COVERED: All counties in the seven state region of Alabama, Florida, Georgia, Mississippi, North Carolina, South Carolina, and Virginia that are not already served by the Appalachian Regional Commission (ARC) or Delta Regional Authority (DRA). If a county is eligible for assistance under more than one commission, it must choose which regional commission it will receive assistance from. No county may receive assistance from more than one federal-state regional commission. In addition, the Southeast Crescent Regional Commission is required to review each county in the region and identify those that are distressed, transitional and attainment, as well as isolated areas of distress.

For more information, please contact Josh Shumaker, Legislative Associate, at 202.624.8482 / jshumaker@nado.org.
