

Partner with us at our Annual Training Conference!

SUPPORT. CONNECT. LEAD.

We invite you to join us as a sponsor or exhibitor at the NADO Annual Training Conference (ATC), where Regional Development Organization (RDO) leaders, board members, program staff, operational leaders, and elected officials come together to learn, share proven strategies, talk through challenges, and build relationships. Hosted in a different city each year, ATC brings together professionals from across the country who are advancing economic mobility, strengthening rural and regional communities, and driving solutions through innovation and collaboration.

Over the course of four days of high-impact programming, ATC welcomes more than 450 decision-makers representing infrastructure, housing, workforce development, disaster recovery, CEDS planning, and emerging priorities. Sponsorship provides direct access to the leaders shaping regional strategies, offering unparalleled opportunities to increase visibility, build trusted relationships, and demonstrate your organization's value to communities nationwide.

Whether your goal is to showcase products and services, share expertise, or build long-term partnerships within the Regional Development Organization network, ATC provides a powerful platform for meaningful engagement through networking events, learning labs, mobile workshops, and interactive sessions designed for peer exchange and practical takeaways.
